

MAL FLETCHER SPEAKS WITH BISHOP DR MICHAEL NAZIR-ALI

SOCIAL MEDIA MESSAGES

Help us Spread the Word On Behalf of the Persecuted

Thank you for your heartfelt interest in the challenges facing persecuted minorities, including Christians and others, in the Middle East.

YOU can help us raise awareness of the awful challenges they face, by promoting the PERSECUTION programme via Social Media.

Below are some great messages you can use and adapt for Twitter, Facebook, LinkedIn, Google+ and so on.

If you adapt these messages, **please be aware of the extreme sensitivity** of some of the issues involved in this complex situation – and the situation of people on the ground in these areas. (The TV programme has been produced with deep respect for all those who are oppressed and it is not our desire to become involved in pejorative finger-pointing. We have tried to be honest but respectful.)

**In most cases, social media platforms shorten web addresses. These are designed with that in mind.
